

Hey Parents and Guardians!

We know it is an adjustment experiencing church at home for you and your family. So we've gathered all you need to experience UpStreet from home in one place!

How it works:

1. Have fun learning and playing with your child! First, watch the UpStreet Video with your child to hear God's truth in a way your child understands and relates to.
2. Then follow up with these questions about the bible story!
 - What is one way you responded this week when you've done something wrong?
 - When has someone forgiven you?
 - Encourage kids to share examples and talk about how it felt to be forgiven.
 - What does it feel like when you've forgiven someone else? How do you think they felt?
3. For more activities today and throughout the week click [HERE](#) or, like and follow us at:
